Dear Mikhail,

We write you with a great deal of gratitude and deep appreciation for the magnificent effort and gift of love you showed our beloved father with the creation of the documentary depicting his life and life's work.

Our entire family is moved by the way you captured our father's essence as a person and as a spiritual leader. You have helped to preserve a living legacy that will be cherished by our family and for the future generations of Congregation Beth Meier.

Thank you again for your commitment and dedication.

Warmly yours,

Debby
